OUR MISSION

At **Capitol Movement, Inc. (CMI)** it is our mission to *build better lives through dance*. We strive to provide programs and opportunities for all, despite socioeconomic barriers.

With the latest trend to cut arts programming in schools, it has become especially imperative that we nurture our young, budding artists beyond the standard classroom. At CMI we offer multiple opportunities to inspire the next generation of dancers including weekly studio dance classes, the CMI Kidz, the Pre-Professional Company, free "Day of Dance" for kids in public schools and recreation centers, summer camps, scholarships, and ticket donations for underserved children.

"I love CMI! It provides me with opportunities to further my dance experience and improve my skills as a dancer."

STUDIO CLASSES

Drop-in classes are offered every Friday night at **Capitol Movement Studio**: kids hip hop at 6 pm, intermediate contemporary and jazz at 7 pm, and intermediate hip hop at 8:30 pm.

Instructors include Ashley Clausnitzer, Stephanie Jojokian, Katrina King, Nicole Klett, Tim Roberts, Shontal Snider, and more.

PRE-PROFESSIONAL COMPANY

The **Capitol Movement Pre-Professional Company** is comprised of versatile, ambitious dancers, ages 11-17, who aspire to build dance into a career. Under the direction of Nicole Klett, the Company trains in hip hop, jazz, contemporary, tap, and choreography development, preparing for local shows and their very own full evening production titled *Movement of the People*.

CMI KIDZ

The **CMI Kidz** are a group of young, energetic, boys and girls, ages 6-13, who support their local community at performances ranging from NBA and WNBA basketball games, to community events, college game, and local shows. Each season they also have an opportunity to perform at the Annual Capitol Movement Project Dance Concert and CMI's Pre-Professional Show. Kids must have a love for dance, but no prior dance training is required to participate in this year-long hip hop program!

Under the direction of Vihky Smith, the **CMI Kidz** learn from experienced and talented choreographers, all of which are CMI faculty, giving CMI Kidz the ability to grow easily into our Pre-Professional Company, Adult Company, and beyond.
